Youth Speaks
By Dan Williams

We confess that we know him, (Christ Jesus). Today we as American's confess christianity. But according to God's word few there be that are borned again children of God. There is a big difference in doing what some preachers say is and what the Bible says. There's not a drunk that can' tell you about some sorry preacher or some churchworker. Using them for an excuse, but not one will use the Bible as an excuse. I belive some drunks have more respect for God's word than some so-called Christians. If we are going to confess Christanity then live the life of a Christian or take down your sign and live like the devil. Many so-called Christains look like they are going to fly away on Sunday. But the other six days a week they go out and take part in everything the demons take part in, they talk like the devil himself an act like the demons of hell. Why don't you get out of the way and let someone in to get saved. If you don't want to go to heaven yourself than don't hinder someone else.

The topic of the Sabbath School lesson last Sabbath, March 27, was "The Christian and His Eternal Reward" .Memory text: Eye hath not seen, nor ear hear neither have entered into the heart of man the things which God has prepared for them that love Him. 1 Cor. 2:9.
Aim of lesson : To meditate upon the reward waiting us at the end of the way.
The plan of eternal life is just the same it has always been in Paradise before the fall of our first parents, then it was perfect obedience to God's law, perfect righteousness. If eternal life were granted on any condition short of this, then the happiness of the whole universe would be imperilled. The way would be opened to sin with all its train of woe and misery to be immortalized." Steps to Christ, pg. 62.
The heritage God has promised to his people is not in this world, as it is, but we look for a new heavens and a new earth, wherein dwelleth righteousness. 2 Peter 3:13. Abraham had no possession in the land of promise, not so much as to set his foot on, his sole possession was that rock-hewn tomb in the cave of Machpelah. God's promise to Abraham and his seed has not failed, though the fulfillment of them may seem long delayed. The gift to Abraham included not merely the land of Canaan but the whole earth. When man became Satan's captive the dominion which he held passed to his conqueror. Thus Satan became the God of this world." 2 Cor. :44, but in the end all that was lost by the first Adam will will come again and receive you unto myself, that where I am ye may be also. What a wonderful reward! Eternal life with Jesus.
Hebrews 11:1, 13-16, has been the buoyant hope of God's people of all ages, for we look as Abraham did for a city which hath foundations, whose builder and maker is God. Just before Christ's departure from this world He comforts His disciples with the words in St. John 14: 1-3. About the mandions he is preparing for the saved, his return to this earth for them and his promise is sure. If I go, I be restored by the second Adam 1Co. 15:24 Eph 1:13,14.

man you have ever seen.'
One final Item: Lee once showed this young lady a room of precious relics. One was a velvet watch case which he gave to her. He said, "It was under my pillow every night during the War—when I had a pillow. Now let it be under yours." And then he showed her a corner of his room, where there was a group of swords in ornamental sheaths. You were from General Washington's swords, and one was the sword of his Father, Gen. Light Horse Harry Lee. Another was the one presented to him by Virginia and known as The Sword of the Confederacy. But there was one other. It bore a French inscription. Lee held it gravely and silently. No words were spoken, but somehow it was obvious that it was the sword Lee wore when he faced Grant at Appomattox — Sword Grant did not ask for and Lee did not offer. It was writ of old that the pen is mightier than the sword. Lee's signature on the Document of Reconciliation was [illegible] ingful than any [illegible] down of a piece of [illegible] word of Lee, the [illegible] Lee's life, the peerless [illegible] of those who participated [illegible] Reconciliation will [illegible] sun grows cold, the [illegible] old and the leaves of [illegible] ment Book unfold."

Insects AND YOUR HEALTH
DODSON'S ADVICE START CONTROL NOW
Spring is a wonderful time of year! It brings on the sweet smell of flowers . . . the beauty of new green on plants and trees. AND . . . it can bring on household pest problems for unprepared home owners. Now is the time to prepare your home and grounds for the many insects that come out to meet the springtime. **Prevention** of the problem is much easier than the **elimination** of **control.**
DO A SERVICE
You can do yourself and your community a service by practicing good sanitation in connection with demolition projects. Rodent control should begin as soon as a building becomes vacant. The rats may disperse to other buildings if the program is delayed. Be fully aware of the ill effects of birds, mites, fleas, etc. The use of heavy timbers as fill can create many problems. Before the start of any demolition job, large or small, insist that a professional pest control operator be consulted and that his suggestions be carried out. The only practical control for the multiple problems that can result from lack of attention is prevention in the first place.

Bert Dodson
